FOREWORD

1982 - 1983

1982 was another year of growth in the insurance industry in Colorado. The 13 increase in the volume of premium taxes from $45,396,344 to $51,386,514 was due purely to the increased premium volume of sales. When the total individual licenses and fees, company fees and other revenue was added, total revenue collected by the Division of Insurance totaled $52,593,242. All of the revenue went into the Colorado General Fund.

In spite of the substantial increase in revenue, the initial appropriation for the fiscal year ending June 30, 1984 only amount to $1,833,145 which was an increase of only $73,678, or 4 , over the previous year's actual expenditures. The appropriation also provided that the Insurance Division staff be reduced by two positions, both in the technical area. This is a mandated reduction of six employees in two years.

One should also be aware that after the appropriation referred to above, additional cutbacks were mandated. This further reduction required keeping some additional positions vacant following retirements and other employee terminations.

The number of individuals and agencies licensed totaled 30,034, holding active licenses as follows:

Agent/Broker Individual & Corporation/Partnership Licenses	40,913
Adjuster Licenses	1,909
Bail Bondsmen Licenses	155
TOTAL	42,977

The Investigation Section received in excess of 800 complaint cases resulting in 13 hearings on agents and agencies. Several additional cases were awaiting final handling by the Colorado Attorney General's Office.

In addition to the individuals shown above, the regulatory responsibility of the Division includes supervision of 1,492 companies as follows:

Multiple Line	508
Fire	3
Casualty	50
Life	672
Fraternals	38
Reciprocals	14
Title	19
County Mutual	5
Mutual Benefit Associations	0
Nonprofit Hospital and Health Service Corporations	4
Health Maintenance Organizations	7
Captive Companies	27
Preneed Funeral Plans	77
Motor Clubs	20
Cemeteries Endowment Trusts	34
Self Insurance Pools	4
Pre-paid Dental Plans	4
Life Care Centers	6
TOTAL	1,492

Of the above entities, 218 were domiciled in Colorado. The others are non-Colorado corporations licensed to do business in Colorado. During the fiscal year 82-83 a total of 119 of the domestic entities were given financial examinations.

The Consumer Awareness Section performed great service to the consuming public. In addition to reviewing policy forms filed for approval, many formal complaints were received. It must be noted that the increase in volume of work was handled without any increase in the number of staff persons. Each year, for the past several, the work volume has increased without staff increases.

In the life and accident and health insurance area complaints increased 16 over last year. Telephone inquiries and complaints increased 17 . The number of policy forms filed dropped slightly. Totals were:

Complaints Received	2,535
Complaints Resolved	2,408
Policy Forms Processed	12,737
Telephone Calls from Public	18,614

The work volume has also increased in the property and casualty field. 26,860 telephone inquiries and complaints were received from the public. Over 1,300 walk-in complaints were received. Protest notices, inquiries and complaint letters from the public exceeded 7,000. In addition, over 600 hearings were held on individual protests of rate increases and non-renewals of automobile insurance.

Legislation affecting the Insurance Division during this period is detailed on the following page.
